RESPONSE TO RESTRICTION REQUIREMENT

This communication is responsive to the Office Action mailed on March 18, 2009, in which all pending claims 1-12, 14-19, 22-26, 28, and 29 were subject to restriction. In particular, the position was taken that the application includes claims directed to three distinct inventions. Group I, claims 1-7, are drawn to selecting an interpreter/applying the interpreter to a data stream, Group II, claim 8, is drawn to a medical information access system, and Group III, claims 9-12, 14-29, 22-26, 28, and 29 are drawn to converting from a first format to a second format.

By this response, the Applicant elects to prosecute Group III, claims 9-12, 14-29, 22-26, 28, and 29 in this application. This election is made without traverse.

Examination of the application is requested. No fee is believed to be necessary in connection with this response. Should an extension of time, or any fee be required, the applicant requests that this action be undertaken and our Deposit Account No. 06-0029 be charged for the fee.

Respectfully submitted,
